Subject: TCEQ Drinking water samples from Port Neches and Groves (12/4/2019)

Please see the attached for drinking water samples taken by TCEQ Region 10 Beaumont office staff on 12/4/2019 for The City of Port Neches and The City of Groves. Once we get the semi-volatile sample results I'll forward them along. The explanation of sample locations are in the email chain below.

Thanks,

Jillian Layton TCEQ Region 10 | Environmental Investigator III

Subject: Drinking water samples from Port Neches and Groves.

Samples were collected on 12/4/2019. There doesn't appear to be any hits for the volatile samples and the TPH samples. The samples are as follows 01 is the VOA for the City of Port Neches Entry Point, 02 is the City of Groves Entry

Point, 03 are field blank for VOA at Port Neches and 04 are field blank samples for VOA and semi Volatile at Groves, 05 is TPH at Port Neches and 06 is TPH at Groves. Still waiting on the sample results for the semi-volatile samples that were also collected.
